MEETING TO HEAR STREET PROTESTS IS POSTPONED

Sickness of Contractor's Attorney Is Reason for Putting Off the Hearing for One Week More.

Councilman Ludewig Opposes Postponement—Protestants Are Out in Force to Demand Action on Main Avenue.

On the written request of Lee D. Windrem, attorney representing James Rutherford, the contractor who put the street improvements on Main avenue, the city council last night postponed for one week the official hearing of the protests against the assessment for the Main avenue job.

Windrem was sick and unable to appear in the case. The taxpayers of Main avenue were out in force, ready to tell the council about the street paving and concrete work they are expected to pay first class prices for. A committee on the Cement Workers' Union was present to answer any questions that the council might desire to ask in reference to the charges of the Main avenue people that the cement work is a long way from being up to specification.

Attorneys W. Earl Hill of Oakland and W. F. Fremont of Richmond were present in behalf of the protesters and asked permission of the council to file an amended protest against the job, as more defects have been discovered in the work since the first protest was filed. The taxpayers on Main avenue have appointed themselves inspectors and are daily uncovering facts in regard to the paving that in some way got past the inspection of the city officials who accepted the work as first class.

Councilman Ludewig opposed the postponement of the hearing, declaring that the law provided that a time should be set for it and the absence of the contractor's lawyer had nothing to do with it.

"We set tonight to hear the protest of these people," said Ludewig. "They are here and we should hear them. Why wait for the contractor's lawyer? If one of these citizens who filed a protest sent word he could not come, would we grant him a postponement when all the rest are here?"

The council voted to postpone the hearing until 7:30 o'clock next Wednesday night. The hearing of the protest of the S. P. Railway Co. against the assessment for improvement of Pullman avenue is scheduled to begin at 8 o'clock that night.

INJURED HUNTER IS TAKEN TO MARTINEZ

William Clay, who Tuesday was severely injured when his shotgun went off accidentally was yesterday taken from the Abbott Emergency hospital to the county hospital at Martinez for further treatment. Clay is doing well. It is not thought that his arm will be crippled.

"I DON'T WANT TO BE PAROLED—SEND ME TO JAIL" SAYS THIS HORSE THIEF

W. D. Smith plead guilty in the Superior Court at Martinez yesterday to a charge of horse stealing. He created a sensation when it was proposed to secure probation for him that he might have a chance to lead a useful life instead of paying for his crime by being locked in prison, by declaring that he did not want to be paroled, but wanted to go to the penitentiary.

"It is the first instance I have known of a man choosing to go to the penitentiary rather than to be allowed freedom," said Assistant District Attorney A. S. Ormsby, who had interested himself in getting Smith a chance to start over again. Smith will be sentenced Monday.

LYON RELEASED: MAY DISMISS SEDUCTION CHARGE

Guy Lyon, arrested at Sonoma upon the complaint of Rev. D. W. Calfee of the Humane Bureau, who was told by Mrs. Beatrice May's Main, a widow, that Lyon had seduced her and is the father of her baby, was yesterday arraigned before Judge Lindsey and was released upon his own recognizance.

Lyon, who married another woman three months ago, expressed a willingness to make arrangements for the support of his son and it is likely that such arrangements will be made and he will not be prosecuted on the charge of seduction, under which he was arrested.

When Lyon was arrested in Sonoma and brought to Richmond he was accompanied by his bride of three months, who expresses confidence in her husband and is standing by him in his present trouble.

Deputy District Attorney A. S. Ormsby came down from Martinez yesterday to handle the case against Lyon and will take it up in the Superior Court next week if it is not settled outside of court before then.

CLINCH'S BOND SATISFACTORY

The city council was last night notified that a satisfactory bond had been provided by T. Clinch, who holds the contract for the construction of the Pullman avenue sub-main sewer and the work was ordered begun. Clinch has assigned the contract to Fred Meyers, who will do the work.

VACATION IN S. F.

Miss Hilda Hansen, 447 Twelfth street, is spending her school vacation with her aunt, Mrs. Maart, in San Francisco.

TRACTION CO. IS GRANTED PERMIT

The council last night granted a temporary permit to the S. F. Oakland Traction Co. to repair the pavement torn up on Macdonald avenue, between First and Ashland, by oiling and rolling the rock that has been placed between the rails. The plan of the traction company to install new rails has been delayed, it was explained.

GERMAN AIR RAIDERS DROP BOMBS: 15 KILLED, 30 HURT

LONDON—Since the Russian defeat of the Austrians in Galicia, which, while not irreparable, is likely to have a marked effect on the whole Austro-German campaign, there has been no important developments on either front. The losses in these battles have been enormous.

On the western front the allies are steadily hammering away with their artillery and are gaining ground very slowly.

LONDON, Dec. 30.—Seventeen bombs were dropped on Dunkirk today from five German aeroplanes. Fifteen were killed and 30 wounded. Women and children were among the victims. This is the most destructive attack yet made by the German air-men on the French coast. Two bombs were dropped on Furnes, apparently in an effort to wipe the headquarters of King Albert. No damage was done.

CITY COUNCIL RESCINDS ACTION

Upon the declaration of Councilman Lane that the council exceeded its authority in granting permission to the street car company to pave between tracks on Twenty-third with sheet asphalt, the council last night rescinded its action and the street car company will be instructed that the tracks must be improved with bitulithic pavement like the rest of the street.

FORD, SUHR PARDON DISCUSSED

At the meeting last night of the Central Labor Council the movement to obtain pardons for Ford and Suhr, who are serving life terms for part in the hopfield "riots," was discussed.

The council decided to take no action until the meeting of the executive board of the State Federation of Labor, when Business Agent F. Heckman is instructed to bring the matter up and work for the release of the two men.

Delegates reported that there is much unemployment in Richmond. The temporary closing down of the local potteries has put a number of men out of work.

FRASER IS AHEAD IN RECOUNT

At the conclusion of yesterday's hearing in the vote recount demanded by George W. Fraser, constable of Pinole township, heard in Judge Lettmer's court at Martinez, Fraser was three votes ahead.

Arthur McDonald was elected constable to succeed Fraser at the last election. Fraser is confident that the

recount will prove that he and not McDonald was elected. McDonald won the election by 16 votes. The recount will be finished today.

Next Tuesday the vote recount demanded by Joseph Williams Jr. will be made before Judge Lettmer to prove that Vincent Hook is not the duly elected supervisor of Supervisor district No. 1.

COUNCIL TO MEET ON TUG BOAT IN BAY—CITY CLERK TO BE ON DECK

While the permanent location of the city hall is being threshed over in the courts, the city council will slip one over by establishing the seat of government on a tugboat for one day.

The city dads accepted the invitation of the Healy-Tibbets Construction Co. to investigate the different types of wharf construction about the bay next Sunday. They will cruise on a tug. Finding there were a number of things that need consideration before the next council meeting, Mayor Garrard last night ordered that a committee meeting be held during the cruise and instructed City Clerk Paris to be on deck Sunday with a list of things that need the attention of the city dads.

LABOR ASKED TO AID WELTON IN REDRESS FOR ARREST

C. H. Welton, who has declared his intention of bringing suit against the local police department for \$5000 because of false arrest, put his case before the Labor Council last night.

He told them of his arrest at Pullman and of the subsequent "mugging" and measuring of him at the station. Welton declared that he was guilty of nothing and that in searching him and holding him in jail over night the local police department exceeded its authority.

A number of delegates upheld Welton's contentions.

A set of resolutions providing for civil service examinations for all members of the Richmond police department was introduced.

Action on the matter was postponed.

CATTLE MAN HERE

Frank Kirby, a cattleman of Visalia, is stopping with Constable Gregory.

WIFE KILLER BEGS DEATH

Peter Manni, who murdered his wife with a shot gun, asked Judge Lettmer at Martinez Tuesday to be permitted to plead guilty and be sentenced to be hanged.

He was told that the law does not permit a judge to impose the life penalty at the request of the prisoner. He will have to stand trial on a second degree murder charge, for which he may be sentenced to serve from ten years to life in jail.

LOCAL FIRM GETS CONTRACT

The Tilden Lumber Company, E. M. Tilden, president, will furnish the Shell Company five carloads of lumber for the company's new plant at Martinez.

SHOT GUN—FINED FIVE DOLLARS

Carl Frederick, accused of discharging fire arms within the city limits, was yesterday fined \$5 and sentence was suspended. His arrest was the outgrowth of trouble with some boys about a boat on Christmas Day.

REJECT BIDS ON WHARVES—SUGGESTION: HALT ACTION ON CONTRACT

Proposed Cement Wharf Would Be Larger Than At Present Necessary, Declares Mayor Garrard.

"Question If It Would Not Be Wiser to Build on Less Elaborate Scale," States City Executive.

Plans for the construction of a concrete municipal wharf at a cost to the taxpayers of a quarter million dollars were temporarily halted last night by Mayor E. J. Garrard.

The mayor questioned the advisability of spending so much money on a project whose present usefulness is doubtful.

"This wharf as planned by our engineers will be the finest on the Pacific Coast," said the mayor. "It will be large enough almost to handle all the shipping of the east bay cities. It will be much larger than we will need for some time to come. It will cost us more than a quarter of a million."

"While we have as a rule followed the recommendations of our engineers in these matters, there is a question in my mind if it would not be wiser and more economical for us to build on a less elaborate scale. These plans call for a concrete structure. I have been told by shipping men that a concrete wharf will be so solid that it will be dangerous to tie a ship alongside. The wharf is in an exposed place and when the ship is tossed against it in rough weather something will have to give—and it won't be the concrete wharf. A wharf of piling and timber would be much better in that location, they say, because it will give."

"While the expense of maintenance would no doubt be greater for a timber wharf, the interest on the money we would save by such construction would more than cover this. Concrete wharves are still an experiment and it remains to be seen if they are a success. The State Board of Harbor Commissioners has changed from concrete construction to crooked piling and timber. I believe we should at least postpone final action in the expenditure of this much money until we have studied

A YEAR OF HISTORY.

The year 1914, now almost ended, has been a memorable one in many ways.

Since the first of last January this country has passed through trying times. In Colorado a bloody labor war was waged. Scores of men, woman and children were murdered by the armed private soldiery of John D. Rockefeller. We came within an inch of going to war with Mexico. There has been a number of terrible mine disasters in which hundreds of workers gave up their lives.

The Industrial Relations Commission has traveled over the country and investigated the why of "industrial unrest." Organized labor, despite terrific opposition, has steadily gone ahead. The greatest war the world has ever seen has thrown our country into a state of financial depression.

It has been a year that has made history. Ahead of us is 1915. The war in Europe still rages with apparently small hope of an early settlement. There is a strike of thousands of miners in Ohio with starving children and women and no settlement in sight. The Exposition is to open its doors to the world. The unemployed problem is as far from being solved as ever.

Ahead of us is 1915, a brand new, unspoiled year. What does it hold for us?

DON'T GET EXCITED.

There is no need to become indignant because Great Britain has been searching American ships.

Let the headlines scream of possible war and let the jingoists rant, but keep calm yourself and remember that you, Mr. Workingman, have no interest in this controversy.

It is the squabble of the traders. Supplies are being shipped to Europe, and for those supplies merchants of this country are making huge profits. Cargoes of food, clothing, ammunition—everything necessary to carry on the bloody business of war—are being sold.

And some ships have been stopped by Great Britain and searched. President Wilson has sent a note asking that care be exercised in the search for contraband.

Immediately the headlines scream the news. English newspapers feature the note above the real war news. Lloyds puts a high rate on insurance against loss of ships through a war with the United States and England.

Now, if you are interested in the why of war, you have the chance to coolly observe the attitude of yourself and those near you.

You will hear people speak of the war of 1812. Yesterday we were friendly to England. Today we look suspiciously at her. Our ships are being searched. Our cargoes are being held up.

But before you wax patriotic, stop and ask yourself what is meant by our ships. Are the ships yours? Are the cargoes being sent across the ocean for the fattening of your pay envelope?

Isn't it a fact that you are not getting any of the profits? And isn't it a fact that if there is trouble over this contraband business it means that the workers will have to rally to protection of the profits of big business?

It's the traders' business. Don't let it bother you.

And remember always that here in the United States there is an organized effort to drag the United States into the world war. Remember that Great Britain and Germany are spending huge sums of money here in an effort to bring public opinion to them.

An Indication Of Greatness

By OSCAR COX

My uncle, Dr. James Pulsifer, was a great scientist and an original thinker. He died a bachelor and left me all his property. After his death I examined every paper of his I could find, especially his scientific writings, thinking to publish them. Among an earlier batch written very soon after he graduated in medicine I found a narrative which as I read on interested me intensely. Here it is:

"We all know that many things exist of which the human mind has not yet any conception. I go further than this. I believe that anything of which the mind can conceive, however improbable, may exist.

"Some years ago a certain noted author wrote a story—"The Strange Case of Dr. Jekyll and Mr. Hyde"—suggesting that two different personalities might exist in the same man. I believe that the day will come when it will be demonstrated to the world that some, if not all, of us are composed of more than one being. Indeed, I not only believe it; I know it. If you ask me why I know it, this is my reply.

"There was something about Jennie Hatch that impressed me the first time I met her. She was what most persons would call odd. Perhaps one reason for my becoming interested in her was that I was a recent graduate of a medical college and had taken a post graduate course on the physiology of psychical conditions. It seemed to me that Miss Hatch was abnormal—not that her body was abnormal, but the spirit within it. For I am not so given to materialism as to believe that our spiritual and physical parts are one.

"Whether Jennie Hatch mistook my scientific interest in her for love I don't know, but she came to look upon me as a lover. I did not either encourage or discourage her in this. I permitted the relationship between us to drift on without definition. One thing I noticed which I set down to a certain fickleness or apparent fickleness consequent upon the physical makeup of women. I would go to see her, say, on Saturday night, an evening I usually dodged my patients if I could do so without injury to them. She would receive me kindly and be a delightful companion. I would visit her the following Wednesday and she would look at me as though she wondered why I had called. During the first visit she would be a girl, during the second a woman. During the first I would seem to be a proper companion for her—that is, a person of about the same age. During the second she made me feel that I was a boy attempting to entertain a woman who had learned wisdom.

"My observations indicated to me that Jennie Hatch embodied two personalities. My deductions were not based alone on such differences as I have described. There was another and far more important symptom. I became convinced that Jennie sometimes loved me and sometimes did not love me. Not only this—I came to suspect that there were times when she loved some one else.

"On the theory that she embodied two persons it seemed to me that Jennie No. 1 might love me and that Jennie No. 2 might love another. It was not conducive to love, or rather, comfort, to be interested in one whose other self loved some other person. Nevertheless, I found myself growing fond of Jennie. My theory did not admit of jealousy because I had no claim for Jennie No. 2. Yet, singularly enough, I was jealous of her lover. I suppose it was on account of the two spiritual personalities occupying the same body. Scientifically expressed, my jealousy should be represented by No. 1 (Jennie of the flesh) plus zero (Jennie No. 2, to whom I was indifferent), the product being one-half.

"Nevertheless I was in love, and one evening while thinking the matter over it occurred to me that I could study the case better as Jennie's—I refer to Jennie No. 1—dance than as we were. On the impulse of the moment I went to her house for the purpose of making a declaration.

"I saw the moment she entered the room that she was her other self. "I once heard a woman say that if a man has made up his mind to a proposal nothing that she can say or do will stop him. I had gone to Jennie's house to propose to her, and somehow I could not resist the impelling force. I asked her to be my wife. She hesitated, then refused me, telling me that she loved another.

"I had begun this affair with purely scientific motives. Here was an end to it, based on human reasons. I left the house feeling that for me the bottom had dropped out of the universe."

Here the paper ended abruptly. I was much disappointed, hoping to find some confirmation of my uncle's theory, based on his singular love affair. But not another word did I meet with on the subject. One day I was talking about him to a chum of his youth, whom I asked how the doctor came to be a bachelor. The reply was that when a very young man had been in love with a Miss Hatch, who married an old fellow double her age.

This revelation gave a shock to my admiration for my uncle's scientific attainments until I remembered that when he mistook a girl's indiscretion between himself and another man for a duplex being he was very young. Nevertheless, the incident indicated his mental bent and foreshadowed his future remarkable career as a scientist.

\$1,000 WAS PAID TO M'MANIGAL TO LEAVE THE COUNTRY

LOS ANGELES, Dec. 30.—One thousand dollars was given by John D. Fredericks, district attorney, to Orlie McManigal, self-confessed dynamiter, for the purpose of leaving the country. McManigal's testimony was responsible largely for the conviction of the McNamara brothers on a charge of murder in connection with the dynamiting of the Los Angeles Times building.

Fredericks, in a statement issued yesterday, said it had been paid out of the Franklin bribe fund of \$5000, alleged to have been gathered by Bert Franklin, a detective, for the purpose of bribing jurors during the trial. This money was seized by the district attorney, and in his statement yesterday he declared he was personally and not officially responsible for it.

Three weeks ago Fredericks notified the Board of Supervisors that \$2473.48 of the bribe fund had been expended in secret service work. He asked the Board of Supervisors to reimburse the bribe fund in that sum and the determine by court proceedings to what use the entire amount should be put. The supervisors asked for an itemized list, which was made public yesterday.

McManigal was secretly released from the county jail here on November 5, 1913. Several days later District Attorney Fredericks announced that the confessed dynamiter was well on his way abroad.

Since his release McManigal has at different times been reported to have been seen in South America, in Oriental countries and in Europe.

An appropriate present for sweetheart or friend would be a copper plate and fifty cards from Fredericks, 516 Macdonald ave. 105-11

Scene from "The Marked Woman" at the Richmond Theatre today last time

A play which has achieved much fame, and which is sure to cause much comment in Richmond, will play today for the last time at the Richmond theatre. It is "The Marked Woman," a play of Oriental life with a thrilling plot of Russian Nihilist life introduced.

Originally the drama was told in book form by Owen Davis and has been transferred to the screen with great skill. From a point of exciting action, the play easily takes place

among the tip top "thrillers" of the season.

Barbara Tennant, whose grace and ability as an actress before the moving picture camera has become widely known of late, plays the leading part. Great skill is required and much emotional ability, but her worth is proved by her work in the characterization of the young Russian girl, Olga efkoff, who becomes a Nihilist during the opening of the Boxer rebellion in China.

CHURCHES TO HOLD WATCH NIGHT

The Baptist and Methodist churches of the west side will unite in a watch night meeting at the First M. E. church tonight to celebrate the passing of 1914 and the arrival of 1915.

An excellent program has been arranged. It will begin at 9 o'clock.

From 10 o'clock until near midnight a social time will be enjoyed and at the death of the old year and the birth of the new there will be an appropriate devotional service. It is expected that Rev. Mr. Bliss of Berkeley, who acts as pastor of the Baptist church, will also be present to take part in the meeting.

UNKNOWN KILLED COMPANION INJURED

An unknown man was killed by an S. P. train at San Ramon Tuesday night and his companion painfully injured. "Both of the men" were migratory workers.

Jack Kelly, the man who escaped death, declares that he does not know the name of the other whom he had met only a short time before the accident. Kelly sustained a broken arm and a mangled hand. The remains of the unknown were taken to the Martinez morgue. Kelly is at the county hospital.

Kelly does not blame the engineer, as there was a heavy fog at the time.

BREAKS ARM.

While playing with a number of other little girls Tuesday night, Mab Tinson, 6-year-old daughter of Mr. and Mrs. H. Tinson, fell from the back porch of her home, breaking her right arm in two places. She was treated by Dr. H. L. Carpenter.

RAIL CHIEFS INSPECT BELT LINE RAILROAD

An inspection trip over the Belt Line Railway was made yesterday by Superintendents J. W. Walker and H. Lupton, W. B. Trull of the Santa Fe, and Superintendent Brenner, Trainmaster J. Aylord and Trainmaster H. Whitney of the Southern Pacific.

The branch line will be turned over the Santa Fe by the Southern Pacific in accordance with the custom of the two companies, by which the line is used alternate years by them.

The Santa Fe will start operating over the line on next Monday.

10 CARS LEAVE TRACK NEAR SAN PABLO

Ten heavily loaded freight cars were derailed near San Pablo station Tuesday night when a broken beam became snagged in the roadbed.

D. Hupfer of Fresno was the engineer of the train and H. Funch of this city the fireman. The engine did not leave the tracks.

The train was just gaining speed for its run to Fresno from the local yards when the beam broke and the freight cars rolled over the embankment. The engine, No. 451, returned to the round house for minor repairs.

The track was cleared quickly and the schedule of passenger trains was not seriously interfered with.

this matter thoroughly. I am in favor of rejecting all bids and getting a new plan for this work on a less expensive scale."

A report was made to the council on the bids which were opened last Monday night. The Healy-Thibbets Construction Co. were the lowest bidders. Manager Healy was present and invited the council to take a trip about the bay for a study of different types of wharf construction. The invitation was accepted. The councilmen will embark on a tug at the Standard Oil wharf at 9:30 o'clock Sunday morning. Meanwhile the ward of contract is temporarily postponed.

"Tales of a Million Dollars"

The Perfect X-mas Present

On December 25, 1912, Harold Jackson gave his family—including himself—a Christmas present that has meant more to them than any other they ever received.

What was it? Lot 19, Block 1, Nicholl-Macdonald Ave. Business Center Tract, Richmond.

It didn't take much ready money either—only \$160 cash. \$160 a month after that he paid Burg Bros., Inc., towards the original price of \$1600.

But 13 months later he sold the lot for \$3250. He had paid \$368 cash altogether; his profit was \$1650—412 PER CENT A YEAR!

Today he is sorry he sold; he couldn't buy back that lot for \$4000.

There must be important reasons behind such an increase in value. We explain them fully—and very simply—in our 40-page book, "How to Buy Real Estate for Profit."

Not one of the 42 exhibiting foreign nations has withdrawn, while three of them have increased their participation.

Seven nations involved in war and five neutral European nations will have their own buildings.

Exhibits from eleven foreign countries have already arrived.

Forty-three of our States and one city are making individual exhibits.

Finally, these exhibitors are spending more money than previously expended in any two other Expositions.

BOSTON AND N. Y. WILL BUILD BIG BASEBALL PARKS

BRAVES TO HAVE SEATS FOR 40,282 FANS, AND PROSPECTIVE PURCHASERS OF YANKS PROMISE SIMILAR STRUCTURE.

The new grounds of the Boston National League baseball club will be the largest in the country in size and seating capacity, and will cost more than any baseball plant yet constructed, declares President Jas. E. Gaffney.

There will be 40,282 seats. Of these 16,931 will be in a one-story grandstand, so constructed that a second deck may be added later; 18,015 will be built in bleachers back of first and third bases, admission to which will be 50 cents; and 5336 seats will be provided to the right of center field for the 25-cent patrons.

Center field limits will be 400 feet from the home plate and 460 feet from the grandstand.

A new baseball park, patterned after the home of the Chicago American League Club, and costing \$425,000, exclusive of the site, will be built for the New York Club of the American League, declare owners.

B. B. Johnson, president of the league, said Colonel Jacob Ruppert Jr. and Captain T. L. Huston, the prospective purchasers of the club, already had the property on which to build. The park, it is planned, will seat 40,000 persons—5000 more than any other plant in either of the major leagues. It will be erected within two years, it was said.

IT TAKES COIN TO BUY STAR PLAYERS

HIGH COST OF LIVING OUTSTRIPPED BY EVER INCREASING PRICES ON BALL TOSSERS.

Following the sale of Eddie Collins to Charley Comiskey by Connie Mack for a price declared to be \$50,000, the dopesters have been looking up high prices on other ball players.

The highest price ever paid for a ball player up to the time of the Collins sale was \$22,500, which Fred Clarke of Pittsburgh, shipped out for Marty O'Toole. Charley Ebbets was to pay \$25,000 for Joe Tinker—and did hand over some \$10,000 or \$15,000 of the amount.

Other high prices paid for ball players are:

Larry Chappelle, bought by Chicago Americans from Milwaukee American Association club for \$13,000.

Lefty Russell, bought by Philadelphia Americans from Baltimore International League club for \$12,000.

Fritz Maisel, bought by New York Americans from Baltimore International League club for \$12,000.

Rube Marquard, bought by New York Nationals from Indianapolis American Association club for \$13,000.

Cy Seymour, bought by New York Nationals from Cincinnati for \$10,000.

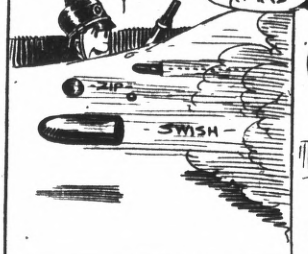

Spike Shannon, bought by New York Nationals from St. Louis Nationals for \$10,000.

Dick Gilbert of Denver will meet Sailor Carroll of Los Angeles in a 15-round bout at Hot Springs, Ark., New Year's Day.

Chick Evans, famous gold champion, picks John Graham Jr. of the Royal Liverpool Golf Club, Holy-lake, England, as the best golf player in the world. Francis Ouimet, the American boy, is named sixth in Evans' selection of golf stars.

Ed. F. (Pop) Gears, world famous harness horse driver and trainer, has promised to bring a string of trotters and pacers to compete in the races at the Exposition.

Championship basketball tournament of the Pacific Athletic Association starts January 4.

Harry Wolverton, former manager of the Sacramento Club in the Coast League, is said to be going to the International League as a club manager next season.

FOOTBALL GETS ANOTHER KICK

COLLEGE PRESIDENT TAKES SLAM AT WAY IN WHICH STUDENTS ARE EXPLOITED FOR PROFIT.

Football at the great American universities is the "worst abuse of the modern college system," Dr. Charles Alexander Richmond, president of Union College, Schenectady, N. Y., asserted in a recent address.

"The football situation in most colleges is disgraceful," Dr. Richmond said. "Fathers and mothers allow their sons to be exploited in the arena for profit, like circus performers or vaudeville actors."

"The men that go into football are driven and coached under the professional system until they have no time for study. They have no time for anything but athletics."

RICHMOND IN REVIEW

Tonight OUR HIGH school reporter BREEZED in ALL dolled up SO WE hardly knew him, AND BLEW the aroma FROM A reggalar bit seegar AROUND THIS desolate place, AND otherwise acted LIKE A gentleman INSTEAD of a reporter. AND THE staff artist GRABBED a hasty sketch, CIAR and all.

AND here it is: OUR h. s. r. informed us HE WAS going TO A swell crawl. GEE, HOW we envied him WHEN HE said IT WAS going to be AN OLD-FASHIONED kind OF a dance, UNDER Marquis of Queensberry rules, AND THAT the strangle hold AND THE kidney punch, AND HITTING in the clinches, AND ALL that sort of thing, WAS absolutely barred. WE WENT to high school ONCE OR twice ourselves, AND USED to dance BEFORE you had to be AN ACROBAT and contortionist TO DO it right. BUT THEM happy days HAVE passed. WE WENT to a d'nsong, OR SOMETHING like that ONCE, BUT ONLY ONCE. WE grabbed A DEMURE little chick, AND someone CRANKED the orchestra, AND THREW it into the high AND AWAY we went. WE DIDN'T do very well UNTIL we slipped AND lit on our ear, JUST AS the girl WHO WAS teaching us WAS counting ONE—two—three—dip. ONE—two—three—dip. THE BLOW on the ear RENDERED us unconscious, BUT IN our youth WE WERE groomed for the prize-ring BY A Perfesser gent WITH cauliflower ears AND a saddle shaped nose, WHO ALWAYS said: "WHEN YOU gets a clip "ON THE jaw, kid, "THAT puts you "ON QUEER street. "GET BACK on your feet "AN DFALL into a clinch "AND HANG on for dear life "TILL YOUR head clears." SO WHEN we heard THROUGH the haze THE REFEREE counting WE STAGGERED to our feet AT THE count of three AND FELL into a clinch AND HUNG on for dear life. IT MUST have been QUITE awhile later THAT OUR head cleared.

TH EMUSIC had stopped AND THE demure young thing WAS saying: "YOU DO the new dances "PUFFICKLY gran. "YOU'VE already learned "TO HESITATE divinely." BUT WE QUIT right then AND BACKED against the wall AND watched it. THEN we realized THAT THE new dances AND music AREN'T new at all. WE recognized A LOT of the good old steps THEY invented SEVERAL years ago IN THE terpsichorean palaces ON THE Barbary Coast. AND IF you hesitate too well IN SOME of those RESPECTABLE places A HUSKY gent TAPS you on the shoulder AND HISSES in your ear, "GET NEXT to yerseif, bo, "WE DANCES wit our feet "IN THIS place!" AND the music FOR THE new dances BROUGHT back FOND recollections OF OTHER days IN St. Louis, WHEN the paper HAD BEEN put to bed ON Sunday morning AND the boys SNEAKED into a lld club FOR A can of beer, AND AN inspired genius OF EBONY hue WAS KNOCKING the ivory OFF THE piano keys AND composing NEW songs THAT MAY not last forever, BUT ARE popular stuff TO SING in the home.

CUNNINGHAM DID SWAT THAT PILL SAYS DOPE SHEET

In discussing plans for next year's baseball campaign, there has been particularly noticeable a strong sentiment among the fans for the signing of Outfielder Cunningham again for next season.

"Cutie," as he is popularly known by the fans, made a decided hit with his work last season. He played in every game and was always on hand on time and kept in good physical condition. This record for reliability won him many friends. In addition he could always be depended on to come through with a swat when a hit meant the most for winning.

Figures compiled by "Nesley" O'Hara, official scorekeeper, show that Cunningham made a remarkable record in batting and fielding with the Elks last season. According to the scorer's figures Cunningham was at bat 110 times and registered 47 base hits and 29 runs. He is credited with a batting average of .437, and with a perfect fielding record. He scored 34 putouts and 8 assists, and is not charged with a single error all season.

Every effort will be made by Manager Luce to have Cunningham in a Richmond uniform again next season.

LABOR NEWS

"In unity there is strength, united we stand divided we fall."

70,000 WORKERS IN N. Y. MAY GO ON STRIKE

NEW YORK, Dec. 30.—The situation in the clothing trades industry is serious and 70,000 employees in this city may go on strike, according to statements made after adjournment yesterday which have been in progress before Louis D. Brandeis of Boston, Hamilton Holt and William O. Thompson, appointed as an arbitration board under a protocol arranged after the strike four years ago. The board will meet next week to consider further the demands of the unions.

These demands are that in the dull seasons the manufacturers divide the work pro rata among the employees instead of laying off surplus help, and that no employee of more than two weeks' standing be discharged without the approval of the union.

The manufacturers told the arbitration board that to grant these demands would deprive the employers of control of their shops, increase expenses and tend to establish conditions which would make the successful transaction of business impossible.

CHILDREN OF STRIKERS TO BE CARED FOR

WHEELING, W. Va., Dec. 30.—Socialist leaders here today declared that if the striking miners in Eastern Ohio coal field were evicted from the company houses they would take care of all children under 12 years old who may be affected. Five thousand children, it was stated, would be distributed among families in the cities of Wheeling, Steubenville and Parkersburg, and if homes for a greater number are needed, an appeal would be made to the National Socialist organization.

O. A. & E. PLANS NEW TRAIN FOR BAY TRAFFIC

To handle a passenger traffic that will show a steady increase throughout the coming year the Oakland, Antioch & Eastern Railway is making some important changes in its train schedules, affecting many points throughout the Sacramento Valley.

A new train, to be known as the Sacramento valley Limited, will be operated daily between S. F. bay points and Chico. The Limited will leave San Francisco at 7:20 a. m., Oakland at 7:50 a. m., arrive at Sacramento at 10:35 a. m. and reach Chico at 1:20 p. m. On the return trip, leaving Chico at 1:45 p. m. and Sacramento at 4:30 p. m., the Limited will arrive in Oakland at 7:22 p. m. and at San Francisco at 7:50 p. m., enabling valley residents to attend theatrical performances.

U. S. CAVALRY LEAVES COLORADO: REMAINING TROOPS TO FOLLOW SOON

WASHINGTON, Dec. 30.—Troop L of the Twelfth Cavalry, on patrol duty in the Oak Creek district, Rout county, Colo., since last May, was ordered today to return to its home station at Fort Meade, South Dakota. Orders for the general withdrawal of the other federal troops sent into Colorado to quell the mining disorders are in preparation.

The gradual withdrawal of Federal troops is in accord with a plan considered at recent conferences between President Wilson, Secretary Garrison, Governor Ammons of Colorado and Governor-elect Carlson. At that time Governor Ammons said he would replace the regulars by state troops.

The actual time for the withdrawal of all the organizations will be determined at conferences between Colonel Lockett and Governor Ammons, but orders have been issued for all to be ready to leave the state at any time.

Pen Paralysis! Have you got it?

NO, we do not mean merely paralysis of the fingers. We mean another kind of paralysis far more serious; the kind that paralyzes the pen writer—not sometimes but *always*. Pen writing in this age means needless time waste, needless labor waste, needless fatigue. Every one who continues to write with the pen in this day of the typewriter is placing himself under a heavy time and labor handicap, a handicap which means partial paralysis of all his energies.

The cure for pen paralysis, the new and certain cure, is the

Remington JUNIOR Typewriter

The Remington Junior is the very latest thing in typewriters. Its name tells you what it is. It is a Remington Typewriter, the newest Remington product, as swift and durable and reliable as any Remington, but smaller, lighter, simpler and more portable than the standard Remington models. It is built on purpose for the home, the traveler, the doctor, the clergyman, the farmer, the retailer—for everyone who needs a small, compact typewriter for the simpler uses like manuscript and letter writing. Just the machine for which you have been waiting.

The price of the Remington Junior is \$50.00, cash with order. For \$55.00 we will sell you a Remington Junior on terms of \$5.00 down and \$5.00 a month. Cut out the attached coupon and send it to us with \$5.00 in cash, check or money order, and we will send the machine.

CHIEF WALKER SCORNS \$35 AND GYPSIES TAKE TO LONG ROAD AGAIN

The band of Gypsies that swooped down on Richmond a few days ago have broken camp and taken to the long road again.

Following protests of Santa Fe authorities that the children of the Gypsies were tearing up sidewalks, Chief of Police Walker went out to interview the big chief.

The Gypsy chief told the police chief that if he would be reasonable and allow the members of the tribe to foretell the future for the residents of Richmond, he (the Gypsy chief) would pay to Walker five plunks per day for six days.

Walker scorned the offer and the tribe bid Richmond farewell.

ONLY SEVEN DIPHTHERIA CASES

Emma Santini, 8 years old, was yesterday quarantined at her home, 100 Standard avenue, for diphtheria. Harry Bonham, 1016 Nevins, was yesterday released from quarantine.

There are now seven cases under quarantine, the greater number of whom will be released in the next ten days, say the health officials.

IMPROVERS TO HOLD BIG MEETING

At the next meeting of the Richmond Annexed District Improvement Club on Wednesday night, refreshments will be served following the transaction of business.

Important matters are to be discussed, among them the proposed investigation of the district's new lateral sewers. All members are urged to attend the meeting.

Elks to Watch Old Year Out at Old Time Fireside Party

Richmond Lodge No. 1251, B. P. O. E., will watch the old year out and the new year in at the Elk Club rooms tonight.

Cold turkey will be served at midnight. The affair is in the nature of an old time fireside party and popcorn, raisins, nuts and other good things to eat will be served. At 9 o'clock a number of professional fun

makers from San Francisco will start the evening's entertainment.

Starting New Year's Day the grill in the Elks' club house will serve meals twice daily. Short order meals will be served at noon until 2 o'clock and a regular dinner will be served from 5 to 6:30 in the evening. The building is supplied with a modern kitchen. Modern prices will be charged.

STREET PROTEST OVERRULED

The protest of H. C. Cutting and the Point Richmond Land and Canal Co. against the third assessment for the improvement of Richmond avenue was last night denied by the council and the assessment was sustained.

Protest against a previous assessment had been overruled by the council, and although part of the street has crumpled and sunk since it was accepted by the city, the council could not allow the protest without getting the previous assessments badly involved. The whole case will now be settled in the courts.
